

## **Apple Festival Hints**

Set up times: I always suggest that you set up on Thursday to beat all the rush and confusion of Friday morning. Set up can begin from 8 am to 8 pm on Thursday for most vendors. There will be more assistance on Thursdays also. Commercial food vendors that park on the street cannot set up until after 3:15 on Thursday (school busses have to be able to get to and from school).

Remember that no tent stakes are to be used in the park. Four sandbags will be available for each 10' space.

Our committee can not be aware of commercial franchise restrictions. Please let us know of any restrictions that might possibly affect the Apple Festival.

There will be no assistance in packing and tear down until the crowd is gone/thinned out on Saturday night. We hesitate on setting closing times for Friday and Saturday because we do know that weather and crowd can change our mind. We do hope that you can keep your booth open until the crowd leaves both nights.

Please get your contracts turned in as early as possible to reserve your vendor site. I have had several new vendors call about sites. At the moment I am trying to keep you all in the general area that you were in last year.

I am looking forward to seeing all of you at the Apple Festival!!!!

Judy Branstetter
